A WORD OF SOLEMN, CONSCIENTIOUS ADVICE
TO THOSE WHO WILL REFLECT.

A chas of maladies prevail to a fearful extent in community, dooming at least 100,000 youth of both sexes annually, to an early grave. Those diseases are very imperfectly understood. Their external manifestations or sympoons are Nervous Debility. Relaxati n and exhaustion; Marasmus or wasting and assumption of the tissues of the whole body; short ness of breathing, or harried breathing on ascending a hillor a flight of stairs, great pal fation of the Heart; Asthma, Bronchitts and Sore Throat; shaking of the Hands and Limbs, aversion to society and to busines or study; dumners of five eight, loss of Memory; Dizziness of the Head; Neuralgic Pains in various patts of the body; Pains in the Back or Limbs; Lumbago, Dyspepsia or Indigestion; irregularity of the bowers, deranged sections of the Kidneys and other glands of the body, as Lencorrhe or Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in minety-nine cases out of every one hund dred, all the above named disorders, and a host of other stort named, is Consumption of the Longs, and that most insidious and will form of Consumption of the Spinal Nerve, known as Tabes Dorsales; and Tabes mesenterics, have their seat and origin in diseases of the Pelvic Vissera. SARSAPARILLA,

THE WOLLD'S GREAT REMEDY FOR Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Mainc.

"I have sold large quantities of your Sarsara-Ellla, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community." Eruptions, Pimples, Blotches, Pustules, Ul-

From Charles P. Gage, Esq., of the widely known.
Gage, Marray of Co., manafacturers of enamelied

"I had for several years a very troublesome
humor in my face, which grew constantly worse
until it disfigured my features and became an intolcrable affliction. I tried almost every thing a man
could of both advice and medicine, but without any
relief whatever, until I took your Sarsaparilla.

It immediately made my face worse, as you told me
it might for a time; but in a few weeks the new
skin began to form under the blotches, and continued until my face is as smooth as any body's,
and I am without any symptoms of the disease that
I know of. I enjoy perfect health, and without a
doubt owe it to your Sarsaparilla."

"DE. Ayer. I seldom fail to remove Ecuptions and Scrofulous Sores by the persevering use of your Sarsarabilla, and I have just now cired an attack of Malignant Ecysipelus with it. No alterative we possess equals the Sarsarabilla you have supplied to the profession as well as to the people."

From J. K. Johnston, Esq., Wakeman, Ohio, "For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so had that the cords became visible, and the doctors decided that my arm must be ampurated. I began taking your Sarsarabilla. Took two bottles, and some of your Phils. Together they have cured me. I am new as well and sound as any body. St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harrey Sickler, Esy, the able editor of the Trankhanuock Democrat, Pennsylvania.

Our only child, about three years of age, was attacked by pimpies on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing clss we had any hope from, we began giving your Sarsaranillah, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had finished the second. The child's cyclashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Fan Liew, of New Brunswick, N. "I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhosa, Internal Ulceration, and local debility, arising from the sacofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."
